blue dream is the firsthand story of how ryan luttrell spent his days in class at the university of memphis and his nights researching and influencing the school s next basketball team at the time blue dream started ryan was working on a master s degree in sports commerce and what a perfect time as the memphis tigers were ranked 1 a dream come true from his childhood he religiously followed the team and one day decided to attend a practice with his 7 year old son carter overnight he became friends with the new recruits and assistant coaches and as a result he was privy to the most intimate secrets of how calipari and his staff worked and maneuvered in the underworld of recruiting ryan seemed to be the only outsider allowed into this world and the information was flowing so frequently that he began reporting for several local news outlets including one that became an espn affiliate after completing his master s he enrolled in law school and dived headfirst into the tigers world calling and texting with boosters to name the next head coach of the university josh pastner ryan had moved from being a fan to being an insider to now being an influencer of the entire program and began having daily meetings

at pastner s new office then the ncaa changed everything as it seemed convinced that ryan coerced athletes from his tournaments to commit to memphis over the course of three separate investigations all of which he was cleared in ncaa coaches stopped talking to ryan and his relationship with pastner and his staff became more than strained at the same time ryan began to see the effects that his involvement in this recruiting world were having on everyone around him especially his now 11 year old son carter who was intertwined in the world of basketball right in front of ryan ryan began to realize that he wasn t going to change the way that recruiting works for college basketball programs he had to find a way out he needed to wake up from this blue dream

at last a book for mental health professionals considering a transition into the new and dynamic field of life coaching therapist as life coach explores life coaching as a profession examines the relationship between life coaching and therapy and details the variety of options for professionals considering either a transition into coaching or expanding their practices to include coaching this book is one stop shopping for the therapist wishing to explore the coaching field chapters include the history and evolution of life coaching therapy and coaching distinctions and similarities getting started as a life coach the basic life coaching model developing and marketing your life coaching practice self care for life coaches
